CALLS FOR PROPOSALS

TITLE AND DESCRIPTION OF THE PROGRAMME	DEADLINE
<p style="text-align: center;">EU Flagship Programme, "Human Brain Project", "Co-designing the HBP digital infrastructure for advancing the understanding of multilevel brain organisation"</p> <p>The Human Brain Project (HBP) is an ambitious 10 year research initiative, and part of the EU flagship program. The HBP is developing an innovative ICT infrastructure (the HBP Joint Platform), that will help neuroscientists and clinical researchers integrate data and knowledge about the brain across all levels of its spatial and temporal organisation. Under this specific call for expressions of interest potential new partners are expected to group up with other prospective Partners of their choice, and together submit a proposal for a challenging project addressing high-level Use Cases to further advance the development of the HBP's digital research infrastructure for advancing the understanding of multilevel brain organisation.</p> <p>Eligible applicants: Groups of organisations (at least two Partners), either already part of the HBP Consortium or not, established in the EU Member states or the Horizon 2020 associated countries.</p>	<p>30/09/2017</p>
<p>More information: http://opencalls.humanbrainproject.eu/forms/16/overview</p>	
<p style="text-align: center;">EU Flagship Programme, "Human Brain Project", "CDP6 - Modelling allosteric drugs"</p> <p>The Human Brain Project (HBP) is an ambitious 10 year research initiative, and part of the EU flagship program. The HBP is developing an innovative ICT infrastructure (the HBP Joint Platform), that will help neuroscientists and clinical researchers integrate data and knowledge about the brain across all levels of its spatial and temporal organisation. This specific call for expressions of interest aims to support novel molecular-simulation based research efforts to accelerate the discovery of new and more effective treatments of brain diseases and use of computational methods to design and in silico select original classes of drugs, based on allosteric mechanisms.</p> <p>Eligible applicants: Organisations, either already part of the HBP Consortium or not, established in the EU member states or the Horizon 2020 associated countries.</p>	<p>30/09/2017</p>
<p>More information: http://opencalls.humanbrainproject.eu/forms/15/overview</p>	
<p style="text-align: center;">EU Flagship Programme, "Human Brain Project", "Coordination of Gender Equality Activities"</p> <p>The Human Brain Project (HBP) is an ambitious 10 year research initiative, and part of the EU flagship program. The HBP is developing an innovative ICT infrastructure (the HBP Joint Platform), that will help neuroscientists and clinical researchers integrate data and knowledge about the brain across all levels of its spatial and temporal organisation. The specific aim of the Gender Equality Activities Coordinator will be to improve equal gender opportunities within HBP. This will be achieved by integrating the gender dimension in HBP's research content and by explicitly taking care of the gender aspect in the HBP's project structure (in line with the HBP Flagship Objective to ensure that the HBP's work is undertaken responsibly and that it benefits society).</p> <p>Eligible applicants: Single organisations, either already part of the HBP Consortium or not, established in the EU Member states or the Horizon 2020 associated countries.</p>	<p>30/09/2017</p>
<p>More information: http://opencalls.humanbrainproject.eu/forms/12/overview</p>	
<p style="text-align: center;">EU Flagship Programme, "Human Brain Project" "Coordination of Data Protection in the HBP"</p> <p>The Human Brain Project (HBP) is an ambitious 10 year research initiative, and part of the EU flagship program. The HBP is developing an innovative ICT infrastructure (the HBP Joint Platform), that will help neuroscientists and clinical researchers integrate data and knowledge about the brain across all levels of its spatial and temporal organisation. The HBP is looking for a new Partner Organisation with a strong track record in Coordination of Data Protection to join the project's next phase, which will focus on ensuring the implementation of data protection measures for the protection of data subjects for the whole HBP. It will oversee managing Data Protection Compliance and advise on legal requirements and best practice with regards to both European legislation and local regulation, where appropriate and will be involved in risk management. The DPO is responsible for data protection in the HBP which includes development of the policies concerning all partners as well as PPs.</p> <p>Eligible applicants: Single organisations, either already part of the HBP Consortium or not, established in the EU Member states or the Horizon 2020 associated countries.</p>	<p>30/09/2017</p>
<p>More information: http://opencalls.humanbrainproject.eu/forms/11/overview</p>	
<p style="text-align: center;">"Modules for Master Degrees in Arts and Science" - Connect/2017/3346110</p> <p>This action aims to promote an interdisciplinary approach in masters and university courses by fostering cross-sectorial curricula combining technology with Arts. The action will be implemented through the design and implementation of innovative interdisciplinary modules that will be included in existing arts, culture, science, engineering, technology and/or other relevant masters. These modules should be innovative in blending arts and ICT with entrepreneurial skills and business exposure and use creativity techniques in their teaching and learning methods.</p> <p>Eligible applicants: Applicants shall form a consortium of at least one higher education institution (lead applicant) and two partner organisations from three different eligible countries and consist of a lead applicant and partners. The coordinator of the application must be a higher education institution (HEI), established in one of the 28 member states of the European union or the EFTA/EEA countries: Iceland and Norway, which designs and runs master programmes. Partner organisations can be: HE Institutions, a cultural or audiovisual operator, culture and creative industries, being a public or private, a small, medium or large enterprise, a research institute, a public body at local, regional or national level, an intermediary or association which represents enterprises, an accreditation, certification or qualification body. One partner must be a cultural or audio-visual operator active in the cultural and creative sectors</p>	<p>10/10/2017</p>

WEEKLY OVERVIEW

ISSUE 510 14/07/2017

CALLS FOR PROPOSALS

TITLE AND DESCRIPTION OF THE PROGRAMME	DEADLINE
<p>“USTREAM national policy dialogue events 2018”</p> <p>The aim of this call is the organisation of the USTREAM national dialogue events 2018. The national policy dialogue events are aimed at fostering a dialogue between relevant national stakeholders on efficiency and effectiveness of universities and the enabling reforms and support mechanisms. Three national policy dialogue events will be organised in different countries in Europe in the first half of 2018. These events will bring together relevant stakeholders in designing and implementing efficiency, effectiveness and value for money agendas for universities, ranging from university leadership to funding bodies and to responsible government ministries. The national policy dialogues will draw on best practice examples and expertise from across Europe collected by the USTREAM partners, while allowing the events to best suit the specific needs and conditions in each country.</p> <p>Eligible applicants: Applicants and co-applicants must be Individual universities, Groups of universities, University representative organisations (e.g. National rectors' conferences), Government ministries or agencies, Partnerships of the above institutions.</p> <p>More information: https://goo.gl/bF589N</p>	<p>30/09/2017</p>

CALLS FOR TENDERS

TITLE AND DESCRIPTION OF THE TENDER	DEADLINE
<p>“Framework of best practices to tackle child sexual abuse online.” - SMART 2017/0066</p> <p>This invitation to tender aims to the analysis of the legal environments in which Internet hotlines process reports on child sexual abuse content online operate. The outcomes of the study will feed into concrete recommendations on how hotlines and the network of hotlines can improve their capacity and capability and enlarge their portfolio to contribute to the effective removal of child sexual abuse material (CSAM). The research will include a comprehensive and thorough analysis of the specific situation in each Member State.</p> <p>Eligible applicants: All natural and legal persons coming within the scope of the Treaties.</p> <p>More information: https://etendering.ted.europa.eu/cft/cft-display.html?cftId=2415 (2017/S 133-271343)</p>	<p>25/09/2017</p>
<p>“Support to national dietary surveys in compliance with the EU menu methodology (7th support) — ‘the adults’ survey’, including subjects from 10 to 74 years old” - OC/EFSA/DATA/2017/01</p> <p>The aim of this procurement procedure is to award direct service contracts to organizations from EU Member States, Norway, Iceland, Switzerland, FYROM, Albania, Montenegro, Serbia, Bosnia and Herzegovina and Liechtenstein, which have a governmental mandate to carry out a dietary survey at national level in the period from 2017 to 2022 or 2018 to 2023 and a national dietary survey has not been funded as part of the EU MENU process or carried out within the country in the last 5 years for the planned target group (considering as reference date the beginning of the field work). Under the resulting contract(s) the contractor(s) should either adapt or develop the methodology to be used in these surveys according to the EFSA guidance on the EU Menu methodology.</p> <p>Eligible applicants: All natural and legal persons coming within the scope of the Treaties.</p> <p>More information: https://etendering.ted.europa.eu/cft/cft-display.html?cftId=2683 (2017/S 130-265063)</p>	<p>13/10/2017</p>
<p>“Support to national dietary surveys in compliance with EU menu methodology (7th support) — ‘the children’s survey’, including subjects from 3 months up to 9 years old” – OC/EFSA/DATA/2017/02</p> <p>The aim of this procurement procedure is to either adapt or develop the methodology to be used in the national food consumption survey according to the EFSA guidance on the EU Menu methodology and to prepare and provide to EFSA the national protocols and related documents, and to pilot and carry out the data collection and to prepare and transfer to EFSA the food consumption data and related information collected during the survey according to the format required by EFSA.</p> <p>Eligible applicants: All natural and legal persons coming within the scope of the Treaties.</p> <p>More information: https://etendering.ted.europa.eu/cft/cft-display.html?cftId=2682 (2017/S 130-265062)</p>	<p>13/10/2017</p>

PARTNER SEARCHES

PROGRAMME	TITLE OF THE PROJECT/ DESCRIPTION	COORDINATOR	DEADLINE
ARIMNet2	The project proposal deals with “Valorising local products through food value chains improvement”, life cycle analyses, olive oil supply chain, olive oil by-products and, according to the programme regulations, the call is dedicated to young researchers only (Acquisition of PhD/equivalent after 1 January 2007).	University of Jaen Spain	expression of interest asap submission 14/09/2017
